

THE IMPACT TABLE IS A COMMUNITY DEDICATED TO CONNECTING AND SUPPORTING WOMEN MISSION-DRIVEN LEADERS,

wherever she is in her
leadership journey.

The Impact Table is a multigenerational, intersectional community designed for established and emerging women leaders in Nonprofit, CSR, or ESG roles or B-corp or tech for good organizations.

We support the leaders who support our communities. Because, supported leaders and more diverse tables create more impactful organizations, healthier families and thriving communities that build a better world.

Our leaders and staff are powerful women leaders in social impact with proven results and decades of experience in and adjacent to nonprofit, CSR, tech for good organizations. Our coaches meet rigorous requirements including 15+ years of sector experience and expertise leading small group development and peer advisory.

WHY IT MATTERS

The Social Impact sector makes up >10% of the overall workforce in the US, and women make up 73% of these workers.

But, these organizations and the women serving them lack resources in most areas and specifically lack dedicated leadership development and resources to support wellbeing.

As a result, women leaders in social impact are consistently among the most over-worked, under-resourced, and unsupported workers.

When women in roles dedicated to serving the public good go unsupported, our communities suffer.

When women are supported they have more energy, more confidence, more clarity and a greater ability to powerfully act, influence and deliver organizational outcomes.

We build leaders' endurance and impact through thoughtful connection, professional coaching, and intentional leadership development so that women in impact can thrive.

HOW IT WORKS

Through organizational placement or self selection, women raise their hand to take a seat at the Impact Table. When she takes a seat at the Impact Table, she joins a community of women changing the world, surrounds herself by others who lift her up, steps towards the most elevated version of herself, and unlocks the support she needs to grow as a leader and magnify her impact.

Leaders Circles

Leaders Circles are small, peer advisory groups with 8-12 other women social impact curated to role scope and career phase, led by a sector experienced executive coach. Leaders Circles meet once per month for 90 minutes virtually, and provide a year's long growth journey towards greater impact.

Impact Table Community Space

The Impact Table Community Space is a private, digital first online platform for connecting with other impact leaders, accessing details on upcoming Impact Table Leaders Circle sessions, events and additional resources.

Visionary Voices Speaker Sessions

Visionary Voices Speaker Sessions are gatherings that invite respected women leaders in impact to share their leadership journey and practical tools they've learned along the way. Small groups for further connection and active learning.

The Spotlight

All Impact Table Members are invited to be featured in thought leadership that increases her visibility and reputation as a leader in Social Impact. Multiple content options including long and short form written, audio or video formats are available. Where appropriate, this content can highlight the work of supporting organizations.

Ally Meetings

No one needs another meeting. But, we all need more allies. Ally Meetings are short 15-minute meetings we schedule for members with other Impact Table Members. They are 1-1 calls that we set up for you to meet and develop deeper connections that can result in a widened professional network, collaborations, and more. Members can choose weekly, bi-weekly, monthly or quarterly Ally Meetings.

Optional Retreats and In Person Events

Our retreats are powerful, one-of-a-kind experiences where leaders elevate their energy, create meaningful connections, and step fully into their own full personal leadership expressions. Additional in person events will be offered throughout the year.
